SSG Skid

Shark Series oil-fired skids are the workhorses of the pressure washer industry. Delivering up to 5.6 GPM of hot water at up to 3500 PSI, these rugged gas- and diesel-powered machines are built on an open frame using heavy-gauge 1 1/4" powder coated steel and are ideal for mounting to a truck or on a trailer. The electric-start engine and powerful belt-drive KT pump are isolated from the rest of the machine on a shock-mounted sub-frame to reduce vibration. Pair it with a Shark trailer for a mobile wash solution to on-site cleaning

Features

- Honda, Vanguard, or Kohler diesel engines
- Burner available in 12V DC or 120V AC
- Belt-drive tri-plunger pumps
- 1/2" Schedule 80 heating coil
- ETL certified to UL and CSA safety standards
- Stainless steel coil wrap
- Power generator on four models
- High-pressure downstream soap injector
- Steam combination comes standard

SSD Skid

Shown with optional wheel kit
(Only available on SSG Series)
