## ANT3C Contractor Hydro Twister with Water Broom 28" \$947.50

This is the Ultimate Surface Cleaner. It's "ALL STAINLESS" and incorporates a Water Broom and Gum Spotter nozzle. You can easily cash in on this product. Use the water broom feature to push leaves and debris out of the way before you clean and then use it to push away standing water. Max Rating 4000 PSI / 10 GPM / 250 F. Setup for 5.5 GPM. Big 28" deck. Spray arm has 2) #2.7 nozzles. Water Broom has 3) #2.0 nozzles.

- Water Broom
- Gun Spotter
- Locking Handle
- Locking Castors

## ANTV3 Heavy Duty Twister Vac \$1247.50

A unique tool that when combined with our RPT5E1 / RZVE1 / RZV10E1 and a pressure washer functions as a complete wash / recovery system. Rated up to 4000 PSI / 5.0 GPM / 200F and 2000 RPM. Setup with 2) #2.5 for 5.0 GPM. The "ALL STAINLESS" construction means a lifetime of corrosion resistance. Requires minimum 100CFM, 91" lift vacuum & 2" vacuum hose (up to 100'). A rubber skirt prevents overspray and results in superior recovery. Shown with optional vacuum hose.

## ANT2N Professional Hydro Twister 27" \$699.00

The ANT2N Surface Cleaner is "ALL STAINLESS" meaning it will outlast those less expensive surface cleaners. It features a high quality carbide swivel that spins up to 2000 RPM allowing the user to clean up to 15 times faster than an operator with a handheld gun. BIG 27" deck and four caster wheels. Max Rating 4000 PSI / 10 GPM / 250F. Comes with 2) #2.7 nozzles. Connection to gun is quick and easy via 22MM twist coupler.

### The best hose reel on the market

3500PSI / 5000PSI 300F / 400°F

Finally a stainless steel hose reel for about the same cost as a painted reel. This reel is built to stand up to years of use and the industry standard mounting foot allows you to mount it almost anywhere.

AR100 150' x 3/8" cap, 3500 / 300F \$189.50

AR150 150' x 3/8" cap, 5000 / 400F \$209.50

AR196 200' x 3/8" cap, 5000 / 400F \$Call

**HH15015E1 Pressure Steamer \$1849.00**  
**1500 PSI / 1.5 GPM Diesel Fired**

 **FREE freight any quantity**

The HH Series combines the cleaning power of high pressure with the grease cutting effectiveness of hot water, steam and soap. This Stainless Steel and powder coated machine offers great portability with the included 10" foam filled wheel kit. The soap feature includes downstream injection and a massive 8 gallon soap reservoir tank. It requires 110 VAC / 15A power supply and includes a 35' GFCI cord for operator safety. Water output up to 250F with 8 gallon all-day diesel tank. Includes gun, wand, 50' hose, quick connect nozzles, adjustable thermostat, pressure relief valve, burst disc and 1.5 HP / 1750 RPM motor and pump. Compact size 48" long x 23" wide x 45" tall.

15-AMP

**HH13002E1 Pressure Steamer / 1300 PSI / 2.0 GPM Diesel Fired \$1999.00**

All the features of the HH15015E1 but with a 1300 PSI / 2.0 GPM output. It includes a larger 2.0 HP 1750 RPM motor. It requires a 110 VAC / 20A outlet and comes with a 35' GFCI for operator safety. This is serious cleaning power in a small package.

**SH27003VH Mobile Wash Skid \$2799.00**  
**2700 PSI / 2.5 GPM Diesel Fired**

 **FREE freight any quantity**

The SH Series is a highly portable machine with a small footprint, ideal for use where electric power is not available. The industry trusted **Electric-Start** 6.5 HP Briggs & Stratton engine provides power to the pump and thermostatically controlled 12 VDC burner. The engine has a **20 AMP charging circuit**. A downstream injector gives the user hot soap control from the gun. The STAINLESS STEEL wrapped 1/2" SCH 80 steel coil heats the water up to 250F. You will experience extended burner run time with the large 8.0 gallon diesel tank. The rugged powder coated frame has a **lift point**, integrated hose hooks and a big pneumatic wheel kit is included for portability. The machine is complete with gun / wand, 50' high pressure hose, quick connect nozzles, down-stream injector and adjustable thermostat. *Requires group 24 550 CCA battery, not included.* Compact size 39" long x 27" wide x 45" tall

**SH30003VG Mobile Wash Skid \$2999.00**  
**3000 PSI / 3.0 GPM Diesel Fired**

All the same features of the SH27003VH but with 3000 PSI / 3.0 GPM output. It features a 9.0 HP pull-

**FREE freight**

**SK30005VH Hot Mobile Wash Skid \$: \$3795 Free Freight 48 states**

**3000 PSI / 4.8 GPM Diesel Fired**

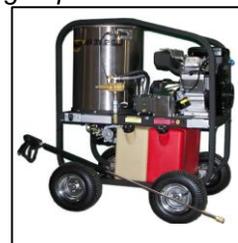

The SK Series is a truly versatile machine. It can be trailer / truck mounted and is a real asset when electricity is not available. The industrial rated 14 HP Vanguard twin-cylinder **electric-start** engine provides power to the pump and 12 VDC burner. The Stainless Steel wrapped 1/2" SCH 80 coil heats the water up to 250F. You will experience extended run times with the large 8.0 gallon gas and diesel tanks. An industrial rated belt-drive pump turns at lower RPM resulting in a cooler running and longer lasting pump compared to one that is direct drive. The machine is complete with gun/wand and 50' hose, quick connect nozzles, adjustable thermostat, pressure relief valve, burst disc and flow sensitive unloader. *Requires group U1 235 CCA battery, not included.*

**Options:**

**#AC330 Downstream injection kit \$39.50**

**#AHSK5 Wheel kit, 13" \$200.00**

**#AHB12 Deluxe wheel kit, with pull yoke -  
Can be towed by an ATV or golf cart \$425.00**

**SK38004VG Hot Mobile Wash Skid 3800 PSI / 4.0 GPM Diesel Fired \$3599.00**

All the same features of the SK30005VH but with 3800 PSI / 4.0 GPM output. It features a 14 HP electric-start Vanguard engine, direct-drive pump and pressure sensitive unloader.

**Add a 185/270 Gallon Skid with Reels**

This Mobile Wash Skid is ready for your choice of SK Hot Mobile Wash Skid machines. It couldn't be easier... Buy this complete Wash Skid Package, bolt it to your trailer or slide it in a full-sized truck bed and go to work. The 12-gauge powder coated frame includes a pre-plumbed seamless polyethylene water tank. We also include an 1-1/2" 80 mesh filter and an 1-1/2" quick drain valve. As a complete package, you will also receive two Stainless Steel hose reels, 100' garden hose and a 50' high pressure hose. *Not sold without SK Series machine.*

### Pickup and Pump out

\$125.00\*

#### RPT5E1 High Volume Vac - Transfer System Wet / Dry \$895.00

Recover & pump out up to **30 GPM to 100' away**. Perfect for high-volume pickup and discharge - use for flood recovery, fire restoration, recovery of wash water or as a high powered shop / detail vacuum. Includes 2-stage 97CFM / 93" lift vacuum & 35' GFCI cord. Use with our **ANTV3 Twister Vac** for wash / recovery application or install filter and use as a high-powered shop vac. Requires 2" vacuum hose & 1" discharge hose to achieve maximum performance. This is a recovery system, not filtration system. *Shown with optional wheel kit, surface cleaner and hose. Ask about our accessory kit*

**Power Requirements:** 3500W generator or 120 VAC/15A outlet.

#### RPVACE1 High Volume Vac - Transfer System \$1397.50

Recover & pump out up to **40 GPM to 200' away**. Perfect for high-volume pickup and discharge - use for flood recovery, fire restoration or recovery of wash water. Includes 2-stage 102 CFM / 110" lift vacuum & 35' GFCI cord. Use with our **ANTV3 Twister Vac** for wash / recovery application. Requires 2" vacuum hose and 1-1/2" discharge hose to achieve maximum performance. This is a recovery / transfer system, not filtration system.

**Power Requirements:** 5500W generator or 120 VAC/20A outlet

### Water Reuse

#### RPVRE1 Portable Vacuum Filtration System 8.0 GPM \$2497.50

Processes up to 8.0 GPM & includes sand dams, vacuum scupper & 50' x 2" vacuum hose. 2-Stage Vacuum rated at 102 CFM. A 110 VAC transfer pump sends water through filters resulting in a 20 micron polish then pumps it up to 200' away. Add part number VFFA5 for a 5-micon polish

**Power Requirements:** 3500W generator or 120 VAC/15A outlet

#### RZVE1 Filtration System 5.0 GPM \$2597.50

A perfect tool for recycle / reuse on large amounts of flatwork. Complete with oil skimmer bag, quick dump / solids drain & a filter service indicator gauge. This unit can interface with our **ANTV3 vac twister** resulting in a closed-loop system. Includes 50' x 2" Vacuum hose, scupper and containment berms. Water is vacuumed-up and filtered through 7 stages to 5 micron and returned to the storage tank for reuse. Rated for **5.0 GPM** / 104 CFM and 91" lift.

**Power Requirements:** 3500W generator or 120 VAC/15A outlet

#### RZV10E1 Filtration System 8.0 GPM \$2795.00

All the same features of the RZVE1 but rated for up to **8.0 GPM**
